

CHILLING IN THE SUMMERTIME. THE JONAS BROTHERS

It was a _____ day
I threw my worries away
It's 'nothing' new, just the same old same
So I'm start a new phase

I turned the radio on
And it's my favorite _____
It's so good to sing along
It feels so right, this can't be wrong

*I just want a good _____ Oh-wow
I don't wanna fuss and fight Noo
Life's too short to waste time Oh-no
Every little thing is gonna be alright*

*'Cause we're chillin' in the summer time
Not a cloud in the _____
Everybody's feeling fine
And everything will be alright*

*'Cause we're soaking up the sweet sunshine
Not a worry on my _____
Everybody's feeling _____
And everything will be alright*

There's a _____ tonight
Where the moon shines bright
Bring your friends and I'll bring mine
It feels so good to be alive

And when the _____ is through
Baby girl it's just me and you
There's only one thing left to do and
That's play this song for you 'cause

CHORUS

And in the morning we're gonna rise
Trials and tribulations pass us by
So don't you worry love is waiting on the other side
Every little _____ is gonna be alright

CHORUS
