

## INNES ON TRAVELLING

- Innes, welcome back to Mansion Ingles once again. You have recently returned with your \_\_\_\_\_ from travelling around the world. Erm... how long did you go for?

- In total approximately nine months. We left in June and returned in March.

- Right, and which \_\_\_\_\_ did you visit?

- If you just go quickly, we started in Canada, then to New Zealand, then Australia, then Hong Kong and across to Thailand through Malaysia, Singapore, India and Nepal.

- I see, quite a \_\_\_\_\_! And from all the countries, which one surprised you the most, Innes? Which one was not as you thought it would be?

- Obviously India and Nepal are very...they're very, very different to England and were amazing, but personally I found that New Zealand was so different purely because the amount of people surprised me. There were...there were none! Erm... as I said before, but India, I think for the difference to..to.. England was \_\_\_\_\_.

- Tell us what the best thing that happened was.

- In my...there was many, many very very good things, and it's difficult to say one particular point in time, but probably a very large \_\_\_\_\_ trout in New Zealand, and spending a long time to fi..., and then finally catching it, great!

- I see. And what was the \_\_\_\_\_ thing during the trip, Innes?

- Again while I was fishing, ..er.. in Canada this time, a black bear surprised me and then chased me along the river bank.

- A black bear?

- A black bear. A big one!

- Is there one that you would like to go back to?

- I think again New Zealand, because when we were there it was their winter, and I'd like to go in the \_\_\_\_\_ time.

- So, are you thinking of going travelling again?

- We spent so much money last time, that it's gonna take a long time to save it up again, and to pay the debts off that we ran up the last time, but yes, very much, so if I can.

- Right, well, thank you for joining us.

- Thank you again for inviting me Craig, your Mansion Ingles is \_\_\_\_\_!
